**Do not include
a check at this time.**

ABOUT THE ARTISAN SELECTION AND ACCEPTANCE PROCESS

The Peddler's Village 2020 Artisan Committee will be meeting just once this year to jury in **ALL** artisans for our annual events. All work submitted for consideration must be hand made by the artisan applicant. Peddler's Village does not allow any commercially or mass produced merchandise to be sold by artists juried in to participate in Peddler's Village events. The artisan who creates the work must be present for the duration of the show.

All artisans applying for consideration must submit a minimum of three photographs of their work AND one photograph of their display at a recent show. We also require an artist's statement with your submission. This statement should include a brief description of your creative process (how you create your work, a list of materials, and any details you feel may be of interest to the judges). We also ask that you include a general range of your price points.

PLEASE NOTE: COMMERCIALY-PRODUCED MERCHANDISE IS NOT PERMITTED.

If your work is approved by the Artisan Committee, you will be sent an invitation listing the requirements for the Festival. A space fee is due at the time you return your invitation. Do not send your space fee until you have been extended an invitation. Please Note: Details will be included with your registration form.

A single booth space is approximately 10' x 10'. You may apply for a double space. Artisans are required to provide complete ground cover for any areas you and your customers will be walking or standing. Artisans are responsible for providing their own tents, tables, and display racks. Artisans may provide their own quiet generator for electricity.

The deadline for ALL festivals is March 2, 2020.
Space location is at the discretion of Peddler's Village.
